Re: Approval of Certification under WAC 246-915-382(4)(e)

Dear Dr. Dunning:

On June 6, 2016 the Board of Physical Therapy reviewed your request to include certifications from the American Academy of Manipulative Therapy as an "other certifications" approved by the board under WAC 246-915-382(4)(e) for clinical supervisors of physical therapists seeking the spinal manipulation endorsement.

I am pleased to let you know that your request has been APPROVED, and your organization and contact information will be added to the approved list which can be found on the Board of Physical Therapy's website.

The decision was based on the Board's determination that the training requirements for the certification in question are commensurate with the training requirements in WAC 246-915-380(1)(a) through (d), as required under RCW 18.74.190(1)(d)(i)(C) and WAC 246-915-382.

If you have any questions, please feel free to contact me.

Sincerely,

Kris Waideley, Program Manager
